VEHICLE FITTING INFORMATION FOR ISOFIX FITTING METHOD

This is an extended "i-Size" Infant Restraint System. It is approved to Regulation ECE R129, for use in "i-Size compatible" vehicle seating positions as indicated by vehicles manufacturers in the vehicle users' manual. If in doubt, please consult the infant restraint manufacturer or the retailer.

The numbers on the diagram below correspond with the vehicle fitting positions listed in the following pages. If your child restraint can be fitted, it is marked with ●. If your child restraint cannot be fitted, it is marked with ○. If your vehicle is not listed in this manual or if in doubt, consult either the child restraint manufacturer or the retailer. ALWAYS give priority to the rear seats of your vehicle. DO NOT fit your child restraint onto a vehicle seat fitted with an active airbag. Lorsque le système de retenue pour enfant peut être installé sur le siège correspondant, vous voyez un ● à cet endroit. Dans le cas contraire, un ○ vous indique que le siège ne peut PAS être installé sur le siège du véhicule. Cette liste n'est pas exhaustive. Si votre véhicule n'est pas dans la liste ou si vous avez des doutes sur la possibilité d'application du système de retenue dans votre véhicule, adressez-vous au fabricant du siège pour enfant ou au commerçant spécialisé à qui vous avez acheté ce produit. Favorisez toujours le montage du siège pour enfant sur la BANQUETTE ARRIÈRE de votre véhicule. N'installez JAMAIS le système de retenue sur un siège de véhicule équipé d'un AIRBAG actif. Cela représente un danger de mort ou de blessure grave.
